

Parents comments:

This program is the only bilingual preschool I've found in the area, especially for my daughter who is only 2. My husband and I are so glad to have found a program that allows our daughter to be exposed to Spanish since we want her to be bilingual throughout her lifetime. Also, the instructors are native speakers of the language and have education background, which is great. The communication between teachers and parents has been wonderful so far.

My daughter began Mi Escuelita in September. She had a few words before starting school as she was 21 months, but after only one month her vocabulary has grown to conversations verses a few words.

Addy is a very shy little girl, with all other activities she is very hesitant, but she loves going to school.

It has also given her self confidence as she is so proud of all the work she has done and brings home.

I make the joke that Addy comes home behaving better than she does when she spends time with me and it is true, she covers her mouth when coughs, hangs her coat up, and puts toys away.

I could go on and on how happy I am with Mi Escuelita, never in my dreams did I think it was going to be all that it has been, and we have only been going for two months. This program is excellent and I would encourage all parents to have their children be part of the Mi Escuelita family.

Tyler Prall

“Our son started school at Mi Escuelita in August of 2010. It is the first preschool he has attended. As a parent, it was very hard to leave him there as he was quite shy and scared for the first few weeks.

But the maestras there made us feel like he was in such good hands and that made all the difference.

As the days passed, he truly began to blossom there. He was very happy and looked forward to being at school. We began him at 2 mornings per week and have since increased him to 3 mornings

per week because we feel he is benefitting so much from being at Mi Escuelita.

Maestra Giovi and Maestra Vicky are REALLY WONDERFUL! They are so great with our son. He is more confident in himself and the things he does and we believe his time at school playing and learning with the Maestras and the other children is a big part of it. They are helping to lay the foundations for his future learning.

We feel so fortunate that we attended an open house at Mi Escuelita and enrolled our son in their school."

Our two year old son has attended Mi Escuelita two mornings a week for the past year. This program has well exceeded our expectations - our son not only has the opportunity to hear and speak Spanish but he is learning in a fun environment through music, art, and play. He enjoys spending time with the other children in his class and always looks forward to going each morning. It is definitely apparent that he is learning to speak Spanish - when

he counts things at home, it is always in Spanish. Maestras Vicky and Giovi are wonderful teachers. They provide a safe, nurturing environment for the children and always greet our son with lots of smiles and kind words. Vicky and Giovi provide a variety of activities for the children and are creative in their approach. They are also willing to work on child-specific tasks (for instance, our son started potty training this past December and they take him to the bathroom a few times during the morning which has been really successful). We highly recommend Mi Escuelita as a Spanish Immersion program for your child(ren).

Mi Escuelita is a wonderful preschool! Miss Vicky and Miss Giovi are so fun and kind to the children. My kids absolutely LOVE it, and they are learning so much. The individual attention they get daily is so important. I was concerned about my son's readiness for kindergarten next year, but his pre-writing skills have improved so much after just

one semester at Mi Escuelita, that now I know he is ready. Even my 2 year old comes home speaking Spanish!

Gracias a ustedes!!!!
que emocion ver a todos los ninos bailando felices! Mil gracias por toda su dedicacion y amor. Estamos muy felices con el programa y nos vemos el 5 de Enero. Que tengan una feliz Navidad y que Dios bendiga a sus familia hoy y siempre!
un abrazo,
White Family
